

758 Corylus Drive, Pataskala, OH 43062

Liberty Christian Academy is excited to announce that in August 2019, we will relocate our preschool classes to a new location. Liberty Christian Academy Preschool Campus will be located approximately 4 miles from our current location. The new Preschool Campus will make its home at 758 Corylus Dr. in Pataskala. Originally designed to accommodate a preschool, the new building is nearly perfect for our needs.

While our location will change, our dedication to your three and four year old children's early learning and Christian education is unending. The new building will provide space for more classrooms as well as larger spaces to enhance our program, all giving us more room to spark curiosity, promote creativity and lay the foundations for continuing your child's education in our Kindergarten – 12<sup>th</sup> grade LCA program.

Each day will bring a time for sharing, the chance to investigate and play in a variety of centers, a balance of quiet and active experiences and activities that foster self-esteem, build confidence and problem-solving skills and promote social and emotional development. Christian values will continue to be taught, modeled and promoted. Children learn God's word through daily Bible teaching and worship.

The new Preschool Campus will follow the Liberty Christian Academy calendar and will be staffed by qualified educators. We invite you to consider this program for your child.

**New location address:**

**Liberty Christian Academy Preschool Campus  
758 Corylus Drive  
Pataskala, OH 43062**
