January 5, 2022

Dear LCA Parents,

This is to inform you that two students in our school have tested positive for COVID-19. We were notified by the students' family, and we wanted to pass the information on to you to keep you informed. If the student was in your child's classroom, you will receive an email.

Contract tracing has been completed and the affected families have been notified. As a reminder, we are following the Licking County Health Department guidance dated October 26, 2021 to help with this process.

Our custodial staff continues to conduct the necessary cleaning and disinfecting procedures on high touch surfaces at the school.

As a reminder, if anyone in your household develops symptoms consistent with COVID-19 they should isolate at home and contact their healthcare provider. If anyone in your household is tested for COVID-19, they should stay home until the test results are received. If your child tests positive for COVID-19 please contact us immediately at 740-964-2211.

For more information regarding COVID-19 please visit LCHD's website at https://www.lickingcohealth.org/COVID-19.html Our staff continues to work with LCHD, and we will continue to implement their recommendations to control the spread of COVID-19 in our community.

Sincerely,

Amanda Cecil
Head of School
